CLASSIFICATION BECHAT,

Approved For Release 2003/08/12: CIA-RDP82-00457R014800060009-7 SECRET/ 25X1 25X1 Schwechat 25X1 4 Largarethen am Moos 25X15_° On 3 July, it was observed that the containers of the fuel dump northwest of hohrau (F 49/% 73) had been removed. The low wooden building was still there. The former quarters in the school of Mohrau were also vacated. Stammersdorf Prior to June, the former barracks installation near Stammersdorf (P 49/S 40) was occupied by about 600 Soviet troops, including about 60 officers. Mostly small groups of 3 to 12 soldiers were observed in the barracks yard, They received instruction using manuals, sketches, demonstration charts and material. No equipment belonging to a rapair shop, such as machinery or lathes, were observed. Occasionally, 2 to 3 tanks were seen outside the installation. Major Popov (fnu), who had returned from a threeweek tank training course in the U.S.S.R., stated that he was assigned as an instructor at Starmersdorf. (4) (2)
